

WATER IS CREEPING INTO CITY

**Parkersburg Threatened
by Flood and Traffic
is Suspended**

THOUSANDS OUT OF WORK

**Along Ohio River on Ac-
count of Mills and Fac-
ories Being Flooded—Res-
idents of Wheeling
Flee for Safety.**

Pittsburg, Pa., Jan. 9.—At 12:30 o'clock last night the water in the Ohio river registered 29.7 feet and was rising six inches an hour. All the lower sections of the city are rapidly flooding. Many mills are flooded and have closed down. Thousands of men are thrown out of work.

The Western penitentiary is now completely surrounded. All prisoners have been removed to the second floor.

Pittsburg, Pa., Jan. 9.—With the Allegheny, Monongahela and Ohio rivers on a rampage and still rising, Forecaster Henry Pennywitt said Pittsburg and towns along the Ohio river are menaced by the worst flood since the memorable one of March, 1907.

A flood stage was reached here yesterday.

A stage of 48 feet was predicted at Wheeling by Forecaster Pennywitt. Mills have been forced to shut down, throwing hundreds of men out of employment; trolley schedules have been abandoned, railroad trains on nearly all lines are belated and many of Pittsburg's suburbs are without electric light.

The delayed cold snap which has arrived, will according to Forecaster Pennywitt present a still more disastrous flood, which seemed imminent throughout the day.

It is expected that with continued cold weather the worst will have been passed as soon as the high water in the swollen Allegheny and Monongahela rivers, resulting from the heavy rains of the last few days, passes out.

Reports from Ohio river towns show that already heavy damage has been done, and that more will be inflicted before the water recedes.

At Steubenville the river showed a stage of 37 feet, with seven feet more expected by tomorrow night.

At Steubenville the river showed a point are flooded and closed down. Traction lines are under water. The Wheeling and Lake Erie Railroad branch has suspended operations and many homes have been flooded.

East Liverpool is facing a possible water famine. A forty-two foot stage is predicted there, which would cause a complete shut down of the pump stations.

In Pittsburg and its suburbs the flood has caused serious losses and much inconvenience.

The W. D. Deewe's Wood Mills of the American Sheet and Tin Plate Company, near McKeesport, had to close down last night, throwing 1,000 men out of work.

The Monongahela Iron and Steel Company, employing 350 men, and the National Car Wheel Works, employing 300 men, both at Hays, have suspended operations.

Whole blocks of houses in Sharpsburg and Etina on the Allegheny river, are under water, and occupants have had to move to the upper floors.

Handsome club houses of the many canoe and boat clubs on the Allegheny river at Oakmont and Verona are surrounded by water.

At many places along both the Allegheny and Monongahela rivers persons are obliged to enter their homes with the aid of boats.

The big Exposition Buildings at the Point, familiar to thousands throughout West Virginia and Ohio are surrounded by a lake, and it may be impossible to hold the big poultry and cat show scheduled for next week.

At midnight the flood had almost paralyzed industries on the South Side, bordering the Monongahela River. The Oliver Steel Works, the M. Myers Steel Plant, the Dillworth Porter & Company mill and the Singer Steel mill, employing a total of 5,000 men, had been shut down.

The Finch Distillery is surrounded by water and will have to close.

The Christian Home for Girls, Duquesne way, is marooned and the 300 women quartered there are taken in and out in boats by policemen.

It is estimated that 15,000 men will be idle owing to the flood.

WHEELING WILL SUFFER THE WORST FLOOD IN YEARS

Wheeling, W. Va., Jan. 9.—With a stage of from 49 to 50 feet predicted (Continued on Page 9, Col. 6.)

YOUNG GIRLS BETRAYED BY PREACHER DURING REVIVAL; SHOCKS ENTIRE NORTHWEST

Spokane, Wash., Jan. 9.—Behind closed doors, with only the court officials and the intimate members of her family present, her face suffused with blushes as she hung her head and spoke in a voice so low that the attorneys could scarcely hear her statement, Hazel Benedict, 17 years old, pretty and popular, a student at the University of Idaho, Moscow, prominent in church and Sunday school circles, daughter of the Sunday school superintendent and a member of one of the city's most prominent families, hesitatingly admitted frequent clandestine meetings and improper relations with Rev. David M. Hand, former pastor of the First Baptist church, the largest Baptist church in Idaho.

Evelyn Clark, an unusually bright girl of the same congregation, only 15 years old, also testified yesterday that she had met the pastor secretly in the church.

The revelations at the trial of the preacher on a charge of contributing to the delinquency of the Benedict girl are creating a profound sensation in the entire Northwest. The prominence of the families of the girls and the high ecclesiastical position of the man charged with their betrayal, together with the ages of the girls, has worked public sentiment up to a violent pitch, and further developments are expected to include prominent church members.

So sordid and unseemly are the confessions of the betrayed maidens that the court has excluded practically everybody from the trial. Hazel Benedict told of meeting the preacher at his invitation, in the church in the baptistry, behind the pulpit, and in the belfry, the favorite meeting place. She said the improper relations had begun during

recent revival meetings in the town, in which Rev. Mr. Hand had a prominent part.

"He frequently made dates with me by writing notes and delivering them to me when we would shake hands at the opening and closing of church, and sometimes he gave them to me on the street," said Hazel Benedict, as she struggled to stifle the sobs that came as she told the story of her betrayal.

One meeting was arranged at the annual meeting of the church, just a few minutes before Mr. Hand opened the proceedings with prayer. On several occasions, the girl said, other girl friends had come to the church and found her alone in the belfry or the baptistry with the preacher.

Little Evelyn Clark, in tears begged the court to relieve her of the necessity of answering the questions regarding her relations with the minister and when she was instructed to answer, buried her face in her hands and broke into violent weeping that shook her girlish frame.

With an effort she stemmed the flow of tears, and in the silence of the moment, in her childish voice, admitted being alone with him in the belfry, and declared a previous affidavit, made after the preacher's arrest, to the effect that she had not met him at the church or had improper relations with him, was false.

"He made me make that affidavit," sobbed the girl. "Every statement made in that affidavit is false," she added, while a gasp of horror and indignation escaped the few auditors in the room, when the testimony was given.

Y. W. C. A. workers testified to seeing Hand meet the girls at that institution.

HOUSE CLERK DIES; POLICE INVESTIGATE

New York, Jan. 9.—C. L. Swords, clerk of the folding room in the House of Representatives at Washington, was found dead at midnight in a squalid room at a Seventh avenue lodging house, under conditions which led the police to start an investigation today.

Swords, a middle-aged man, well dressed, was found sitting upright in a chair, dead. A physician said death was probably due to heart failure, but an autopsy probably will be ordered.

DELAYED BY BAD WEATHER, PANTHER AT SEA

Washington, Jan. 9.—To allay apprehension for the safety of the Panther, which is out of line of wireless communication, the navy department today issued the following notice:

"The Panther left New York at noon, Jan. 2. It is 1345 miles to Guantanamo, to which port the vessel is en route. Under favorable weather conditions the Panther would make about nine knots an hour, or due at Guantanamo at 5 p. m., Jan. 8. Bad weather was undoubtedly encountered, which would result in reduced speed or a change of course, making the route longer."

DANIEL HAYES DEAD.

Daniel Hayes, former glassblower and ex-sanitary policeman, died late this afternoon at his home in North Fourth street.

AKRON SOLON WILL FORCE PUNISHMENT

Columbus, Jan. 9.—Not unlike previous sessions, the 90th general assembly is to be confronted with the problem of the abolition of capital punishment because his home county of Summit gave the constitutional amendment providing for abolition a majority of 2,500 votes at the special election last September. Representative A. Ross Read of Akron, has announced that he will present such a bill to the legislature probably next week.

TIRED OF LIFE.

Mr. Vernon, Jan. 9.—Failing health prompted David Saltzman, 75, a prominent farmer near Millwood, this county, to slash his throat and wrist with a razor. He was found by a daughter in the kitchen, bleeding from the self-inflicted wounds. He will probably die.

SCIENCE CHURCH LEADER FOUND DEAD IN LONDON

London, Jan. 9.—W. N. Miller, former president of the Christian Science church, was found dead today in an arm chair in a room adjoining the church.

ASK MEDIATION IN STRUGGLE FOR BETTER CONDITIONS

New York, Jan. 9.—The first of five eastern railroads agreed to the railroad managers today to ask Arthur A. Knapp, head of the United States court of Commerce, and Charles P. Neill, United States Commissioner of Labor, to mediate in the Locomotive act in their controversy over wages and working conditions.

TOLEDO IS STAGGERED BY STORM

**Comes Near Paralyzing
Maumee City and Sur-
rounding Country**

ONE MAN ELECTROCUTED

**And Traffic Dealt a Heavy
Blow With Thousands
of Wires Down—The
Ice Attack.**

Toledo, O., Jan. 9.—Jack Collins, 21, chauffeur, killed in Perrysburg by short circuited wire.

Hundreds of "hot" electric wires tangled mass on streets, menace lives. Greater part of Toledo plunged in darkness when wires went down under load of ice.

City and interurban car service crippled seriously. Service abandoned on some lines.

Thirty-five hundred telephones put out of service.

Practically all facilities for outside communication by telephone and telegraph rendered useless.

Police and fire alarm wires crippled. Fire department men stationed in engine house towers to watch for fires.

Thousands of shade trees shattered under loads of ice.

Tombstones in cemeteries shattered by falling trees.

Citizens injured by falling on ice. Umbrella saves one girl.

Islanders cut off from communication with outside world when Put-in-Bay telephone and telegraph cable service is interrupted.

Hundreds of men work all night on repairs.

Stores and picture shows closed when lights failed.

Estimated loss will be hundreds of thousands.

Winter's most eccentric, damaging and spectacular storm, which ensnared Toledo in a relentless coating of ice Wednesday establishes new local records in havoc and elemental liabilities by exacting one life and causing innumerable and inestimable property losses.

The phenomenal formation of heavy ice, like barnacles, on all exposed surfaces, induced by a slight drop in temperature following a rain deluge lasting three days and nights, delayed transportation, destroyed the efficiency of public utility services, razed many of the city's most valued trees, telegraph poles and similarly fragile equipment. For hours the city was submerged in darkness, streets were rendered impassable by lack of light and fallen trees, branches, poles and wires, and an impenetrable coating of ice.

Business was suspended and communication with the outside world was almost completely severed by the peculiar storm that really was no storm at all.

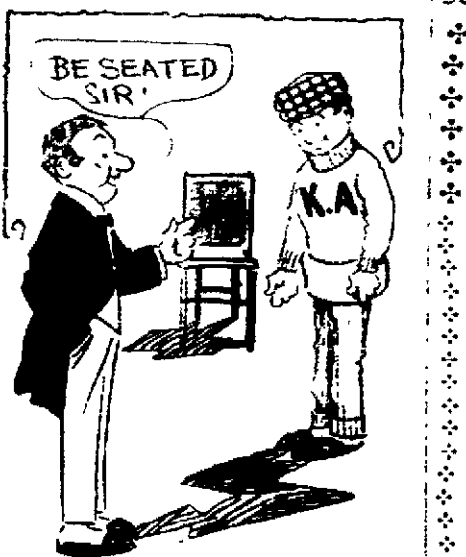

Tons of ice that coated and oppressed every object in the open, and that is accountable for all damage and hindrance, formed during the evening and night direct after a slight drop.

(Continued on Page 9, Col. 1.)

Yeggs Get Away With \$200 From the Derwent Postoffice

Derwent, Jan. 9.—A mail train carrying a large quantity of money, was stopped by a band of robbers near the town of Derwent, and the money was stolen. The robbers were seen to get away in a motor car.

WHAT IS IT?

What town in the far northwest?

Answer to Wednesday's puzzle: Saffron.

WHEN ETERNAL VIGILANCE DID NOT SCORE.

William Rockefeller ever pledges to set down a detailed account of the adventures encountered while dodging the detectives and process servers who sought to locate him to attend a meeting of the Puff Trust investigating committee, an interesting narrative will be added to the literature of the day. For six months the fugitive eluded the law in a hare and round chase that was unique in its many puzzling phases. At first it was considered only common courtesies to invite Mr. Rockefeller to be a guest of the Puff committee, but when it was found to be so difficult to deliver the papers to the famous cooper man, the committee became insistent. The best sleuthing talent in the country was engaged, and with Sergeant-at-Arms Charles S. Russell of the House of Representatives in command, the band of searchers went to work in earnest. Finally an attorney representing Mr. Rockefeller accepted a service for his client. The photograph shows a Washington, D. C. process server stationed on the roof of the Rockefeller's home in New York.

ADRIANOPOLE MUST FALL, DANEFF SAYS

London, Jan. 9.—Dr. S. Daneff, Bulgarian peace plenipotentiary, today received cipher messages from the Bulgarian capital, which represented conditions in Adrianople as appalling, and the fall of the city is a question of time. The progress toward a resumption of the peace negotiations here is slow. It may, however, be accelerated, after today's meeting at the foreign office of the European ambassadors, who are expected to agree on united action, which they hope may put an end to the deadlock in the event that intervention should become necessary.

ONLY A LITTLE BREAD.

Belgrade, Serbia, Jan. 9.—Fugitives from the fortress of Adrianople who have reached the Serbian camp in front of that city, report that the only food obtainable inside the walls is bread. The rations distributed to the inhabitants and soldiers have been reduced to four ounces per head daily.

ITALIANS ON STRIKE IN OHIO MINE DISTRICT

Lawrence, Ohio, Jan. 9.—The Italian miners in the coal mines of Lawrence, Ohio, have struck today. The strike is the result of a dispute over wages and working conditions.

DR. NYE AGAIN BEFORE GRAND JURY TODAY

Columbus, Jan. 9.—Dr. George B. Nye of Wayne county, former representative of Pike county, and confessed burglar, testified today before the grand jury investigating the affairs of the late general assembly.

Dr. Nye, of Canton, who was indicted for the same crime, was fined \$500 in 1908 for the same crime, and was again indicted today for the same crime.

THE PRIVATE CITIZEN.

The private citizen who is a member of his city, can well afford to hear what progress is being made in the way of a band of enterprising, high spirited and well-to-do builders. And if they are encouraged in their work, we shall soon find that it is no longer necessary for us to go to any other town in order to find the best of things.

DYNAMITERS BAIL BONDS ACCEPTED

San Francisco, Jan. 9.—Bail bonds in the sum of \$210,000 for the release of Eugene A. Clancy and Olaf A. Tveitmo, convicted dynamite conspirators, sentenced to six years in the federal prison at Leavenworth were accepted here today by the United States district court.

SUCCEEDS AS TREASURER IN MC CONNELLSVILLE

McConnellsville, Pa., Jan. 9.—Frank Hann of McConnellsville has been named as successor to the late Treasurer William H. Tappan, who resigned today. A convention of the State Bureau of Public Safety will be held here today to elect a successor to the late treasurer.

DR. NYE AGAIN BEFORE GRAND JURY TODAY

Columbus, Jan. 9.—Dr. George B. Nye of Wayne county, former representative of Pike county, and confessed burglar, testified today before the grand jury investigating the affairs of the late general assembly.

GEORGE B. HENRY IS CERTIFIED FOR CONTEMPT OF COURT

Washington, Jan. 9.—Because he refused to answer the House committee's questions, George B. Henry is certified for contempt of court.

GLASS DEALERS BALK AT RISE IN GLASS TARIFF

Washington, Jan. 9.—The authors of the bill to raise the duty on glassware, which was passed today by the House committee on ways and means, have received a warning from the glass industry. The industry is opposed to the bill, and has threatened to take legal action.

WARNING AGAINST LOBBYING

**Issued By Gov. Marshall
in Annual Message to
Legislature**

INDIANA SUPREME COURT

**Criticised for Enjoining the
State Officials from Exer-
cising Constitutional
Rights.**

Indianapolis, Ind., January 9.—

"Unless progressive legislation is enacted, the people some day will open up the cul-de-sac, even though the opening may lead representative government over a precipice into pure socialism or paternalism," said Governor Marshall in his message to the Indiana legislature today.

"Representative government does not mean that present-day conditions cannot be remedied. Upon the contrary, progressive legislation may be enacted with no disturbance to the checks and balances of our system of government."

"The last general assembly, recognizing our unfortunate condition with reference to the amendment of the state constitution, ordered presented for adoption or rejection by the people at the election in 1912, a new constitution. An action was brought to enjoin and restrain the governor and other members of the state board of election commissioners and the secretary of state from putting the question of adoption or rejection upon the ballot. The litigation resulted in a permanent injunction by the Indiana supreme court upon a divided opinion, three members of the court being in favor of the injunction and two against it."

"With utmost respect for the majority of the supreme court I felt that it had usurped the functions of the legislative and executive branches of the government, that the sheriff of the court would have a rather interesting time in getting possession of my body and punishing me for contempt, and that such decisions gave greater impetus to the recall of judges and decisions than all the opinions of mere laymen touching the usurpations of the courts. Yet, I realized I might be wrong."

"Though believing that it was making of the supreme court the only branch of government which we had, still I felt that while there was a possibility of a judicial review, I should not set myself up as a judge and resist by force of arms what to me was an encroachment of the judiciary upon my constitutional rights. I was willingly unwilling to permit my personal views to result in anarchy. I believed that an orderly procedure with respect for the court, however little respect I might hold for its opinion, was the one for me to pursue. I felt assured that the supreme court of the United States would not punish me for trying to be a law-abiding citizen by refusing to decide the great questions involved in this controversy upon the theory that they were not judicial but political in their character."

"The question has now passed beyond the mere domain of party politics. The majority opinion leaves the state in doubt as to whether it can, or cannot, be a constitutional convention, and as to whether our fathers did not foreclose upon the posterity its right to alter and reform its system of government. It also leaves involved a far greater determination—that of the right of the court (Continued on Page 2—Column 4)

GEORGE B. HENRY IS CERTIFIED FOR CONTEMPT OF COURT

Washington, Jan. 9.—Because he refused to answer the House committee's questions, George B. Henry is certified for contempt of court.

GLASS DEALERS BALK AT RISE IN GLASS TARIFF

Washington, Jan. 9.—The authors of the bill to raise the duty on glassware, which was passed today by the House committee on ways and means, have received a warning from the glass industry. The industry is opposed to the bill, and has threatened to take legal action.

NOSTRIOLOA TREATMENT IS SUCCY FINE FOR COLDS AND CATARRH

This Simple, Nourishing Treatment
Cures Colds, Croup, Catarrh,
Sore Throat, Hay Fever,
Etc.

The Nostriloa Treatment is having remarkable success in curing Colds, Croup, Catarrh, Hay Fever, etc. This remedy is perfectly harmless, is easily applied and so simple and sensible that it appeals to everyone.

Nostriloa is a pleasant antiseptic, cleansing, healing balm, quickly reaches and heals the sore inflamed linings of the air passages, and there is no waiting for results. It is fine for croupy children.

The nostrils and air passages are the breeding places for the Catarrh and Hay Fever germ. The Nostriloa treatment kills the germ, stops the dropping of the catarrhal poison into the stomach, and a few applications will show surprising results.

Colds lead to Catarrh, Hay Fever, etc., and even a slight cold should never be neglected.

If Catarrh has already developed certainly start the Nostriloa treatment right away, and rid yourself of this distressing ailment.

You get a large tube of Nostriloa containing sixty days' treatment for 25c. Buy a tube today and you'll wish you had tried Nostriloa sooner.

STREET CAR MEN TO HAVE CLUB ROOMS

Ratification of the plans of the "club-room" sub-committee is anticipated as the most important business to be transacted at a meeting of the general committee of the Ohio Electric Company's Beneficial Association, to be held tomorrow evening, and as a result of such action the street car men will be in possession of as fine a suite of club rooms for social purposes, as can be found in the entire city.

The third floor of the Hub building has been placed in readiness for the action of the committee, and a lease for this location will be signed by the officers of the Beneficial Association probably on Saturday morning.

The rooms will be arranged so as to permit a spacious hall for meetings, with various reading, billiard and smoking rooms, equipped with comfortable furniture, provided for the "poor tired, overworked street car men."

About fifty members of the organization have already signified their intention to support the movement for the Hub building club rooms, and a unanimous expectation of approval is expected at the general meeting.

Superintendent F. G. Chubis is in charge of the club room arrangements, and it is believed that the apartments will be ready for occupancy, entirely furnished by February 1st.

ON SECOND THOUGHT.

A good many men who talk bass down town are tenors at home.

When a gentlemen's furnishing goods store begins to advertise itself as a haberdashery that means it has quit handling 25 cent neckties.

On the stage virtue invariably triumphs over vice. And it succeeds in doing so about half the time in real life.

Speaking of the high cost of living, another expensive combination is that of a girl and a cook book.

Unless one has relatives in the east, no amateur is very good.

Women are generous in most things, but they do hate to give up their trumps.

There is at least this to say for the men: their clothes do not button in the back.

If you have ever had occasion to use a lantern the fact that Diogenes failed in his search will not surprise you.

A girl first makes sure of her own marriage. Then she begins to look around for a suitable husband for her chum.

OBITUARY

HENRY M. MAY.

Henry M. May, aged 66 years, a farmer, formerly a B. & O. brakeman died Wednesday night at his home, 277 South Second street, after a six days' illness of pneumonia. His death was unexpected, as it was thought that he was improving.

Mr. May was a native of Fairfield county, having been born Dec. 26, 1846. He had been a resident of Newark for several years. For 30 years he was an employee of the B. & O. Railroad Company in the capacity of brakeman. Following his retirement from the railroad business he took up farming and was engaged in this occupation when stricken with the fatal malady.

He was married to Miss Sophie Harner and three sons survive. They are Alfred and Chauncey May of Akron and Elroy of Vancouver, Wash. Five brothers and three sisters also survive.

He emigrated June 4, 1862, in the 90-days service during the Civil War and was mustered out in October of the same year. In September, 1865, he again enlisted, this time in the cavalry branch of the service. He was assigned to Co. G, Twelfth Ohio Volunteer Cavalry. He was discharged Nov. 12, 1865.

The arrangements for the funeral will not be completed until work has been received from the son in Washington.

MRS. MARY HACKER.

The body of the late Mrs. Mary Hacker of Indianapolis, arrived at Mt. Vernon Wednesday and was taken to Homer for burial. The body was accompanied by the husband, of the deceased and by her parents, Dr. and Mrs. E. O. Buxton.

MISS VIRGINIA HALLIDAY.

Miss Virginia Halliday, 76, is dead of pneumonia at the old Stanberry homestead, "Oakland Hall," three miles northeast of Newark, and her aunt, Miss Mary Stanberry, aged 80, is lying at the point of death from the same disease at the same home.

Miss Halliday's death occurred on Wednesday night at 10 o'clock, after a brief illness. She was born on the farm where she died and has resided there her entire life time. Her father was Nathan Halliday and her mother was a daughter of Hon. William Stanberry, who was prominent in this county years ago, having served in congress. She is survived by one brother, John Halliday, and one sister, Miss Augusta Halliday.

The funeral arrangements have not been made and will be announced later.

MOTHER DEAD AT DELAWARE.

Principal O. J. Barnes of the High school received a telegram from Miss Eunice Thomas, teacher of Eng-

NEW MINISTER FROM PANAMA.

RAMON VALDEZ
New Minister from Panama to the United States.

lish, Thursday morning, stating that her mother had died early Thursday at her home in Delaware, O. Miss Thomas has been at her mother's bedside for some time. Mrs. Thomas had been a sufferer for the past two years and had been bedfast for a number of months but was able occasionally to get up for short periods. No arrangements have been made for the funeral. Miss Thomas has the sympathy of her many friends in her great sorrow.

TRAINS DELAY VAUDEVILLE SHOW

Actors on Orpheum Bill Fail to Reach Newark in Time for Matinee—Show Tonight at the Usual Time.

Late trains and delayed connections delayed the vaudeville actors booked at the Orpheum theatre for the last half of this week and none of the actors arrived in time for the matinee performance Wednesday afternoon. Manager Boyce got in communication with the company shortly after noon and was assured that the various acts would be on the job in time for the evening performance tonight. A number were disappointed at the little theatre this afternoon, but the failure of the actors to arrive was through no fault of the management or the actors.

The Wants are interesting tonight.

NEWARK DRUGGIST MAKES STATEMENT

We always advise people who have stomach or bowel trouble to see a doctor. But to those who do not wish to do this we will say: try the mixture of simple buckthorn bark, glycerine, etc., known as Adler-ika. This simple new remedy is so powerful that JUST ONE DOSE usually relieves sour stomach, gas or the stomach and constipation QUICKLY. People who try Adler-ika are surprised at its QUICK action. L. F. Collins.

You Can't Make Your Farm Pay

If You Eat the Doughnut and Offer the Hole as Collateral

THERE'S a man out in Illinois who owns a bank and lends money to farmers. He wanted to get at both sides of the question of borrowing and lending, so he got busy on a half-section of land and farmed it on the principle of a square deal to the soil. What he found out was this: It's bad business, both for the farmer and the banker, for the farmer to eat the doughnut and offer the hole as collateral on a loan.

It's one of those simple solutions of a big financial problem that engaged the attention of the President of the United States and a group of Governors, meeting at the White House to discuss this great problem only a few weeks ago. Presidents of Insurance Companies, bankers, men and institutions with money to invest, farmers who want to borrow money—all these people will agree with us that Mr. Harris has thrown the searchlight of common sense on a subject that seemed as thick as a London fog.

There is a host of good things in this week's issue of THE COUNTRY GENTLEMAN, but

Financing the Farmer

By B. F. HARRIS

Successful Banker-Farmer and Ex-President of the Illinois Bankers' Association

will be read with rare interest by every man whose business it is to lend money, or to borrow it—which means several million people.

BRITANNIA MUST PAY ROUNDTLY TO RULE THE WAVES. Her navy will cost a quarter of a billion dollars next year.
Cornerers of the market have got it now, and the cold storage men may get it next.
Red snow has fallen, but it was in Switzerland and not in the Balkan country.

The tangle in the Turko-Balkan peace negotiations is a very near, modern exemplification of the Gordian knot.

Mr. Taft invites the larger part of the late Republican party to come back and join the smaller part.

A fifth member has been included in the Balkan alliance—namely, Time. The allies have suspended the peace negotiations; they have not made a rupture. By this move the truce, which is to continue until four days after a rupture, will be automatically prolonged. Of course, the Turks may consider the suspension as a rupture of the negotiations and reopen hostilities; but the allies are pretty confident that the Turks will not take the onus upon themselves. Moreover, they doubt very much whether the shattered Turkish army at Tchatalja is capable of assuming the offensive. Meanwhile, the allies have occupied all the territory which they would be permitted by the Powers to hold and need only to sit tight before the besieged Turkish fortresses. In a week or two they will have fallen, and the question of Adrianople will be settled. Time is just now the most important member of the alliance.

In a trade review of the iron and steel industry, the interesting statement is made that "the small amount of contracts placed so far this year has been mostly for fourth quarter delivery, and there have been some inquiries regarding conditions in the first quarter of 1914. This is the first time in the history of the industry that there have been inquiries a full year ahead. There are some lines of steel products which are booked ahead to next December, and with a small amount of new business would have full capacity for a year sold ahead." Such an unprecedented state of affairs is the plainest refutation that could be made of the Republican predictions of distress and disaster in the event of Democratic success and tariff revision. Producers and consumers of steel evidently have no fear of such a revision, which is bound to come. Nevertheless we expect to hear the usual prophecies of woe to the industry when the Democrats take up the tariff schedules in the spring.

Terrible Suffering
Eczema All Over Baby's Body.
"When my baby was four months old his face broke out with eczema, and at sixteen months of age his face, hands and arms were in a dreadful state. The eczema spread all over his body. We had to put a mask or cloth over his face and tie up his hands. Finally we gave him Hood's Sarsaparilla and in a few months he was entirely cured. Today he is a healthy boy." Mrs. Inez Lewis, Baring, Maine.
Hood's Sarsaparilla cures blood disease and builds up the system.
Get it today in usual liquid form or chocolate tablets called Sarsatabs.

In each Trust dissolution case the Supreme Court makes its orders more thorough than before.

Theodore Roosevelt says it is an outrage to punish any one for contempt of court; he feels that way himself.
If Wm. Rockefeller is physically disabled from testifying before a probe committee of Congress he would have been a law-abiding citizen if he had acknowledged service as a witness and then had his family doctor reported the facts of his condition. Mr. Rockefeller would not then have been in contempt and so generally discredited as an American citizen.

JACKSON BANQUET AT MT. VERNON, O.
Mt. Vernon, Jan. 8.—Mr. Vernon, the democrats entertained Tuesday night with a Jackson Day banquet, the guests being prominent state officials and citizens. Among those who attended were Attorney General T. S. Hogan, Chairman W. L. Finley of the state executive committee, Charles Marshall, secretary of the committee, Congressman Snare, and Wm. B. Hoar, Governor-Elect. The banquet was given by the Chamber of Commerce of Newark, who declined his invitation because of an engagement at Newark.

A TITANIC TASK.
New York, Jan. 9.—A plan for abolishing icebergs is to be laid before congress. The New York Board of Trade and Transportation announces its endorsement of a bill which Congressman Calder of Brooklyn will submit at Washington calling for a government commission to study the feasibility of constructing a huge jetty across the Banks of Newfoundland. C. L. Riker of Brooklyn, who originated the idea, said the work would cost about \$20,000,000.

KANAWHA STRIKE AGAIN AROUSES WEST VIRGINIANS
Charleston, W. Va., Jan. 9.—(Times)—The Kanawha strike is again arousing the West Virginians. The Kanawha River is the lifeblood of the Kanawha valley, and since last spring, a strike has been in progress. The Kanawha River is the lifeblood of the Kanawha valley, and since last spring, a strike has been in progress. The Kanawha River is the lifeblood of the Kanawha valley, and since last spring, a strike has been in progress.

We are told that nothing is impossible. Wrong. Lots of men are very accomplished at doing nothing.
Ambition never grows old. In fact, it seldom reaches the age of maturity.
Advice to the discouraged is simple: "Buck up and be a man!"
Life is full of uncertainties, but the only way to deal with them is to be sure of your own mind.

Jan. 9 in American History.
1561—Confederate batteries at Charles Fort drove back the United States steamer Star of the West while attempting to re-enforce Fort Sumter.
1872—General Henry Wager Halleck, noted civil war commander, died; born 1815.
1885—Mrs. Myra Clark Gaines, the famous litigant in the New Orleans claims case, died in New Orleans; born 1807. The property claimed was in possession of the city of New Orleans and amounted to \$25,000,000 in 1861.
1894—General John B. Gordon, noted Confederate commander, ex-governor of Georgia and former United States senator, died; born 1830.

ASTRONOMICAL EVENTS.
(From noon today to noon tomorrow.)
Sun sets 5:31, rises 7:24. Evening stars: Venus, Saturn. Morning stars: Mars, Mercury, Jupiter.

HEALTH HINT FOR TODAY.
Bad Combinations With Meat.
Dr. Fenton B. Turk says that "the use of meat has been shown to favor intestinal auto-intoxication; hence many advise total abstinence from the eating of meat." When meat is eaten alone or with a food that is heavily compatible, such as bread, the results are less undesirable than when eaten with a meal consisting largely of fruits, green vegetables, rice or milk, since these foods, being digested principally in the intestine, hasten the passage of the meat from the stomach, where it is best digested. Pork, for instance, requires five hours in the stomach; rice, milk, apples, uncooked cabbage, toast, potatoes average less than two hours, so that such a combination would not be as good as a larger quantity of beef or pork with bread alone.

PARK TRAMMELL
Governor-Elect of Florida.

MAYOR SWARTZ WRITES ANSWER TO EDITORIAL
(Communicated.)
If the writer of the editorial in the American Tribune last evening had taken the trouble to ascertain the facts about the Sissea case and the other case referred to, in all probability the editorial would never have appeared.

Instead of the Sissea case being brought under the state law that provides a minimum fine of \$25.00 for a first offense, it was brought under the city ordinance that provides for a fine of \$5.00 to \$25.00 for the first offense, so I was fully justified in making the fine \$10.00 and did not in any way evade the law in so doing.

As to remitting \$50.00 fine to a bar-keeper for selling on Sunday, this never occurred. In the case of George Johnson, fined \$100 for being open on Sunday, I did suspend \$50.00 of this fine during good behavior with the distinct understanding that if Mr. Johnson again violated the law, this suspended part of the fine would be collected, together with such additional fine as the circumstances of the case would warrant.

PERVENSITY.
The lean man longs to put on weight, and eats far-fouling foods, and after all—so mean is fate—he can't assimilate the goods. Eggs, ham and milk and things like those he swallows day by day, and still he lean and leaner grows, until he blows away. The fat man, hoping to get thin and willowy and pink, to sacrifice his double chin and make his waist line shrink eats things which have no bear or force, and drinks denatured whey; he browses like a cow or horse on straw and bran and hay. Instead of growing slim and sweet his mighty girth expands, until he cannot see his feet, or reach them with his hands, in vain the living skeleton may gorge himself with grub; he'll still remain, when he is done, the same old fleshless dub. In vain the man who breaks the scale would find of fat surcease; his foolish torturings will fail to rid him of his grease. So let us then be all serene, from idle longings free, and sing and dance, the fat and lean, in jocular ecstasy; and let no fodder be denied when sounds of the dinner bell; we'll take the gifts the gods provide, and all is passing well.

THE HUMAN PROCESSION
By O. Terrence.
WILL PAYNE, OF PAW PAW, IS 46 YEARS OLD TODAY.

Paw Paw—aw, hawhaw—is not, America. He is one of the directors of that organization, which was formed last month to protect the rights and property of writers against "scab" authors and publishers.

Dr. Thomas Francis Moran, professor, lawyer and author, who was recently elected a co-president of the American College Athletic Association, is forty-seven years old today. He has been professor of history and economics at Purdue University, Lafayette, Ind., for nearly eighteen years, and has gained an international reputation as the author of the "Theory and Practice of the English Government," one of the best works of the kind ever written by an American. Dr. Moran was born in Columbia, Jackson County, Mich., Jan. 9, 1866. At twenty-one he graduated from the University of Michigan and was admitted to the Michigan bar. He soon abandoned the legal profession and went to Elk River, Minn., as superintendent of schools, and in September, 1895, joined the Purdue faculty. His interest in college athletics and recognition last month when he was chosen vice-president of the American governing body.

PREPARING FOR ORGANIZATION OF CANAL LAND CO.
The organization of The Canal Land company, a syndicate of Newark men who bought the abandoned canal property between the North Fork of the Licking River and the old aqueduct west of Sixth street at a bid of \$48,538, will be effected late in this week or early in the coming week.
Thursday one of the larger holders in the company told the Advocate that the company would be organized as soon as the papers of incorporation were received from Columbus. The company was incorporated in Columbus yesterday by Fred G. Speer, J. A. Flory and H. S. Fleek with a capitalization of \$50,000.
The local men who compose the company are R. M. Davidson, Charles E. Stasel, Tenney & Morgan, W. C. Christian, L. J. Taylor, James K. Hamill, H. R. Scheidler, Thomas M. Sikes, O. W. Crane, J. A. Flory, J. D. Keelox, F. L. Woodbridge, George W. Havens, C. C. Metz, S. F. Van Voorhis, F. L. Beggs, H. C. Braunhold, John J. Carroll, Fred G. Speer, Henry S. Fleek, W. H. Heisey, L. M. Phillips, J. L. and E. B. Thomas, William H. Smith, O. C. Jones and P. J. Flanagan.
In answer to the inquiry as to when the water in the old canal bed will be drained off, one of the company stated that the concerns now being served by the canal are making preparations to secure their water from other sources and that the company will give them opportunity to complete these arrangements before drawing off the water.

MT. ZION.
The entertainment at Mt. Zion Saturday night was well attended. Misses Ruth and Opal Mercer of Bladenburg spent Saturday night and Sunday with Mr. and Mrs. George Harris.
Miss Wave Schooler spent Wednesday with her grandparents, Mr. and Mrs. John Wolfe.
Mrs. Edith Donahy and Mrs. Launa Donahy have returned to their home near Galena after a few days visit with relatives here.
Those on the sick list are Velma and Bertha Hays, Mrs. Lora Wolfe and Ross Burch.
Mr. and Mrs. Frank Nicholls of Dusty Bottom, spent Saturday night and Sunday with relatives at this place.
Miss Ethel Van Winkle spent New Year's Day with Misses Lillian Ryan and Cecil Taylor.

FOREIGNER HAS PROMISED TO TAKE MAYOR'S ADVICE
Declaring that he would follow the advice of Mayor Swartz, who suggested that the best solution to his domestic problems was a separation from his wife, Martin Julius, a foreigner, this morning left the city prison to carry out his intentions. He was arrested on complaint of his wife, who charged him with disorderly conduct. The mayor was informed that Julius was not entirely to blame, that he was a steady and industrious workman and was endeavoring to keep his children in the parochial schools. "You'd better pack your trunk and find other quarters," said the mayor, after suspending a \$5 fine and the costs, and Julius said he'd act on this advice.

BILIOUSNESS, GAS, HEADACHE, MEAN CONSTIPATED BOWELS

Delicious "Syrup of Figs" cleanses your stomach, liver and 30 feet of bowels of sour bile, gases, decaying food and clogged-up waste, no griping.

A harmless cure for sick headache, for biliousness, for a sour, gassy, disordered stomach, for constipation, indigestion, coated tongue, salivousness, pimples—take delicious Syrup of Figs. For the cause of all these troubles lies in a torpid liver and sluggish condition of your thirty feet of bowels.

A teaspoonful of Syrup of Figs tonight means all poisonous waste matter, the undigested, fermenting food and sour bile, gently moved on and out of your system by morning without griping, nausea or weakness. It means a cheery day tomorrow—many bright days thereafter.

Please don't think of gentle, effective Syrup of Figs as a physic. Don't think you are drugging yourself, for delicious figsenna and aromatics can not injure anyone.

This remarkable fruit preparation is a wonderful stomach, liver and

SOCIETY

OWEN-PENCE.

At the home of Mr. and Mrs. C. J. Pence in North street, Granville, Wednesday evening, occurred a pretty wedding when their daughter, Miss Josephine, was made the wife of Mr. David Harries Owen. The ceremony was read by Rev. Carl Doney of Buchanan, W. Va., at six o'clock in the presence of seventy-five guests, before an embankment of ferns, southern moss, and pink and white carnations. The wedding march from Lohengrin was played by Miss Ben. Woodbury of Grand Rapids.

The bride, who was given in marriage by her father, was charming in a gown of white satin charmeuse en-traine, with rose point lace, and carried a shower of roses and valley lilies. Her full length veil in a dainty cap effect was caught with orange blossoms. A diamond la valiere, the gift of the groom, was her only ornament. Attired in delicate pink crepe de meteor and carrying pink and white roses, Mrs. Raymond Pence, sister-in-law of the bride, acted as matron of honor, and little Josephine Jamison, a cousin of the bride, in white lingerie, carried the ring in the center of a dainty white satin cushion. Completing the ceremony were Misses Lillian Pence of Urtana, O., and Margaret Woodbury of Columbus, cousins of the bride, with white crepe de meteor frocks, as ribbon

BRAVED THE DANGERS OF A STORM SWEEP SEA

Lighthouse Keeper Sails Six Miles Amid Floating Ice to Secure a Bottle of Father John's Medicine.

David W. Collison, assistant keeper of a Maryland lighthouse, tells the risks and dangers he experienced in order to secure a supply of Father John's Medicine, as follows:

"I am at Seven Foot Knoll lighthouse, Patapsk river, Md. I was on the verge of grip, I had previously used Father John's Medicine with good success and needed a supply to give me strength to ward off the attack.

"Owing to the inclement weather, I could not leave the station to go to Baltimore to renew my supply of Father John's Medicine, so I started amid the risks and dangers of drifting ice, and sailed six miles to Sparrows Point where I could secure another bottle of Father John's Medicine. I have every confidence in the medicine and so was willing to undertake the great risk involved."

(Signed) David W. Collison.

Cures colds and all throat and lung troubles, not a patent medicine, and free from poisonous drugs or alcohol.

CHATS WITH THINKING WOMEN by Barbara Boyd

Letting Go Easily.

PERSEVERANCE we are told is a great virtue. And none of us gain-say this. The fellow who perseveres, who holds on, who sticks, is the fellow who nine times out of ten, wins out. It is said that the Hall of Fame is made up of men who never knew when they were licked. So without doubt, perseverance is a trait that will do good work for us in the battle of life.

But like everything in this world, there is a reverse side to it. And if perseverance is valuable, so also is the ability to let go easily. The art of letting go easily is quite as necessary to happiness as is the art of holding on to success. The fellow who has not persistence in his character does not need to cultivate the art of letting go. This is the reverse side of the matter only for the persistent. As a rule, the fellow who is not persistent lets go too easily. But the fellow who is persevering, who holds on like grim death, needs a little of the heaven of letting go in his make-up, to round out a symmetrical character.

There comes to most of us the time when a cherished plan fails. No amount of perseverance will carry it through to success. Failure is in it. When this time comes we need the ability to let go easily. We need to be able to give up without soreness, without discouragement. We want to be equal to dropping the matter cheerfully, to turning to something else, to forgetting it.

It must be confessed that those of us who are persistent, who are determined to put a cherished project through, no matter what obstacles lie in the way, cannot let go easily. We cannot give up with grace. We feel sore and sour and grouchy when we cannot have our own way, just as if no other way in the world but ours was right.

And here perhaps is the secret of the art of letting go easily. If we can have the larger vision that can see that other ways than ours are right, and that we should desire the right, no matter where it may lie, then we can let go easily. We will not be so wedded to our own way that it will be pain to give it up. But we will so love the right that it will be joy to possess it. And after all, it will not be so much a letting go as a reaching out and a grasping of the best.

Barbara Boyd.

Guests in evening, and at a later hour a dainty luncheon was served. Her guest was Miss Mary McLaughlin. The next meeting will be held at the home of Miss Edith Lyle in Bolton avenue, January 15.

Mrs. J. A. Harner of Vandaligham street entertained Wednesday at her home, honoring her aunt, Mrs. Rebecca Price of Paulding county. The guests were Mesdames T. B. Kirk, A. H. Marple, Mary Kirk, Eva Watson of Newark, Mary Walter and Peter Walter of Jacksonville, Miss Lois Marple of Newark and Mr. Porter Walter of Jacksonville.

Miss Irene Cook of Williams street will entertain the S. C. Girls' club Friday evening, embroidery being the pastime of the evening.

The ladies of the Home and Foreign Missionary society was entertained by Mrs. Frank Osborn at her home in Franklin township, Thursday afternoon. The program consisted of readings by Miss Helen Evans and Mrs. L. B. Dunn and a duet on the piano by Mrs. Leon Wolf, and Miss Lois Wolf, after which a luncheon was served to the members and guests. The meeting adjourned to meet with Mrs. L. E. Dunn, February 6th.

La Kodrilla Klub was very pleasantly entertained by Mrs. Ernest Cochran at her home, 129 Wilson street, Wednesday afternoon, eight members being present. A very dainty luncheon was served by the hostess and a most enjoyable time had by all present. The guests of the club were Mrs. John Boggs, Mrs. Charles Stone and Mrs. John Nichols.

Miss Katherine Fleming will entertain Jan. 22 at the home of Mrs. C. E. McDaniel, 221 1/2 North Park Place.

One of the most pleasant events of the week was given at the home of Miss Sylvia Howard, of No. 153 South Pine street. Games and music were the features of the evening and at a late hour dainty refreshments were served.

The guests were Misses Hortense Skiver, Stella Davis, Grace Marvin, Roda Grey, Mable Hall, May Belle and Nellie Smart, Goldie Lytle, Ruth Daly, Grace Wintermute, and Miss Marilla Hugh of Ft. Wayne, Ind., Messrs. David Sullivan, Lucius Sullivan, Chester Bailey, George Stewart, Walter Hibler, Goddard Chase, Carl Howard, Edmond Bonham, Joe Blanc, Cyrus Queen, Elmer, William Howard, Messrs. Joe Collins, Jr. and Mrs. C. E. Evans, Mrs. T. F. Smart, and Mrs. E. A. Howard, Madura Leitha and Edgar Howard and the hostess.

The January eighth meeting of Progressive club was held with Mrs. Harry P. Scott of the Sherwood Hotel. The program as follows was given: Roll call—Current Events. Henry B. Waterson—Miss Helen Tucker.

Telegraphic News Association—Mrs. C. Fred Sites. Mrs. Scott served refreshments following the program. The guests were Mrs. Lydia Ball, Mrs. Kemper Scott and Mrs. Dickinson.

GREIDER-DAIR. Announcement is made of the marriage of Miss Clara Dare of South Pine street on New Year's eve to Mr. Earl Greider of Columbia, Pa. The ceremony was performed by Father B. M. O'Boylan at the parsonage of St. Francis de Sales church. Mr. and Mrs. Greider are residing in South Pine street. Mr. Greider being employed as a molder at the Wearie company.

Mrs. Clifford Roney very delightfully entertained the members of the Minerva Club Wednesday at her home, 64 North street. The afternoon was spent in needlework and conversation. A dainty two-course luncheon was served the members and the following guests: Mesdames Wm. Roney, S. S. Richards, A. T. Alward, Al. Williams and Miss Lorena Roney.

This week we will sell all of our Trimmings Hats for \$1.98, \$3.98 and \$5.00. Come in and look them over. CLOUSE & SCHAEFER, 644 42 Hudson Ave.

PERSONALS

Mrs. W. C. Rose was among the Granville visitors in Newark yesterday.

Mrs. W. H. Weaver of Eddy street, is recovering nicely from her recent illness.

Miss Anna Sheridan of Morris street, is among the victims of the gripe this week.

Mrs. and Mrs. Porter Walters of Jacksonville were the guests of Newark friends yesterday.

Mrs. C. E. Williams of Granville was among the city's business visitors yesterday afternoon.

Mrs. Thomas Stoom of Holron was the guest of local friends yesterday afternoon and evening.

C. M. Brown, the inspector of the B. and O. railroad, is recovering nicely at his home on Columbia street from a recent severe strain of the tendons of his right leg, received by

The Housekeeper has many trials, Her mind must be clear and not clouded by headache.

Hicks' Capudine Cures Headache

—makes it easy to have your wits about you. It gets at the headache's cause—whether it's cold, nervousness or gripe.

Capudine is quick acting, liquid, pleasant to take, the true size of the headache's cause—whether it's cold, nervousness or gripe.

Capudine is sold the world over. At drug stores—10c, 25c and 50c.

The Quickest, Simplest Cough Cure
Easily and Cheaply Made at Home. Saves You \$2.

This recipe makes a pint of cough syrup—enough to last a family a long time. You couldn't buy as much or as good cough syrup for \$2.50.

Simple as it is, it gives almost instant relief and usually stops the most obstinate cough in 24 hours. This is partly due to the fact that it is slightly laxative, stimulates the appetite and has an expectorant effect. It is pleasant to take, too, for whooping cough, croup, sore lungs, asthma, throat trouble, etc.

Mix one pint of granulated sugar with 1 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex in the Sugar Syrup. It keeps perfectly. Take a teaspoonful every one, two or three hours.

Pinex is one of the oldest and best known remedial agents for the throat membranes. Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in quinic acid and all the natural healing elements. Other preparations will not work in this formula.

The prompt results from this recipe have endeared it to thousands of housewives in the United States and Canada, which explain why the plan has been imitated often but never successfully.

A guarantee of absolute satisfaction, or money promptly refunded, with this recipe. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

being crushed under a pile of falling timber.

Mrs. Edward Ports of West Church street is confined to her home by sickness.

Mrs. Reuben Jones and son Hermann of near Xenia, are visiting for a few days at the home of Mr. and Mrs. John E. Hohl on Maple avenue.

Mrs. Matilda Leigh and Mrs. Chas. Rankin of Toledo returned home this morning after attending the funeral of Mrs. Nellie Burd of North Fourth street.

J. H. Reed of Elmwood avenue, has returned to his duties at the local postoffice, after being confined to his home for several days with a severe illness.

Miss Henrietta Clark and Miss Carrie Gamble of Coshocton will spend the week end in Newark as the guests of Miss Gertrude Keyes of Erie street.

Mrs. David Everetts, nee Lena Fenneken, of Columbus, but a former resident of Newark, has returned home, after spending a week here visiting relatives.

Frighful Polar Winds

Blow with terrific force at the far north and play havoc with the skin, causing red, rough or sore chapped hands and lips, that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth. Unrivalled for cold sores, also burns, boils, sores, ulcers, cuts, bruises and piles. Only 25c at F. D. Hall's.

DEATH RELIEVES THE SUFFERINGS OF MRS. HERMAN FOWLER

Death Wednesday night at 6 o'clock relieved the sufferings of Mrs. Sarah Jane Fowler, 22, wife of Herman Fowler of St. Louisville, following the accident in which she received horrible burns at her home about noon Wednesday. Mrs. Fowler was conscious following the accident until a short time before her death.

At noon Wednesday she started a fire in the kitchen stove and intended to use a small quantity of kerosene. She made a mistake and got the gasoline can instead and the can exploded in her hands.

Her clothing was set on fire by the explosion and practically every garment was burned from her body. Her grandmother, Mrs. Coffman, was attracted by her screams and made an effort to extinguish the flames, but the young woman was already so badly burned that it was impossible to save her life.

Mrs. Fowler was born in Licking county. She was the daughter of William A. Hughes, who lives at Sandy Bottom, near the Licking-Coshocton county line. She had lived in St. Louisville about a year. Besides the husband, she leaves an 8-months-old child.

presented—said a paper of the time "a majestic sight, truly awful and interesting." President Washington was among the most interested of the spectators. The aerial voyage lasted forty-six minutes, and covered fifteen miles, the descent being made near Woodbury, N. J. Returning to Philadelphia in a carriage, the aeronaut was taken directly to the President, who listened with close attention to Mr. Blanchard's account of his exploit.

ANNUAL SIEGE MEETING OF THE SALVATION ARMY

The captain in charge of the local corps of the Salvation Army announces their annual "Siege Meeting" to begin on next Sunday evening. Special subjects along evangelistic lines will be chosen, and a more determined effort put forth to win souls for Christ than ever.

Captain McMahon reports nine went forward for conversion Sunday evening and a growing increase in the Sabbath school attendance.

FIRST THINGS

The first balloon ascension in America was made by Jean Pierre Blanchard, a pioneer French aeronaut, at Philadelphia 129 years ago today, Jan. 9, 1793. The Quaker City was then the capital of the republic, and Mr. Blanchard by given a reception by President George Washington, who personally issued a permit to ascend in a balloon and to "pass in such direction and to descend in such place as circumstances may render most convenient," and this without "any hindrance or molestation to the said Mr. Blanchard." The starting point was the Prison Court, and when the balloon rose in the air it

SEPARATED FOR THIRTY YEARS; RE-UNITED HERE

Mr. and Mrs. James O. Williston, of South Fourth street, received a letter Wednesday evening from Sunderland, Australia, stating that the latter's brother, James Carmody, will arrive in San Francisco on February 14th, and will visit Newark as the guest of the Williston family about a week later.

Carmody, as well as Mr. and Mrs. Williston were residents of Springfield about thirty years ago, but the former went to Japan to seek his fortune in that country. For about fifteen years he corresponded with members of the family, but finally drifted away, through his long absence, and with the exception of occasional reports from other relatives, has not been heard from since 1898. His visit here will be an occasion for the revival of many memories of the days gone by, and possibly a reunion with other members of the family now scattered throughout eastern states.

Carmody is now, the letter read, in possession of a sheep ranch of 20,000 acres, and attained great popularity during two terms served as a member of the New Zealand provincial parliament from the district in which he resides.

There is more catarrh in this section of the country than in any other. It is a disease that is not only painful, but is a constant source of trouble. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, promoted it to become a constitutional disease and therefore required constitutional treatment. Hall's Catarrh Pills, made by Dr. J. C. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken in a teaspoonful, it acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: E. J. CHENEY & CO., Toledo, Ohio.

Take Hall's Family Pills for constipation.

FIRST VISIT TO OLD HOME IN 17 YEARS

Mr. and Mrs. Martin Fowler and their son and daughter, Mr. and Mrs. John C. Fowler of North Muskegon, Mich., former residents of this city, are guests at the home of Mr. and Mrs. William Naff and family of Pearl street.

Advocate reporter met Mr. John Fowler this morning and the latter stated that it was his first visit to his old home in 17 years. He finds the town one of the most progressive he has visited in many states, and says the progress it has made has certainly been remarkable. Mr. Fowler has been renewing old acquaintances in Newark and vicinity for the past several days and visiting scenes of his boyhood that he has always held in fond remembrance.

Mr. John Fowler has prospered in his Michigan home and at the present time is serving his second term in the city council and holds the responsible position of Superintendent of the Municipal Water Works. He is also identified with many of the city's leading industries.

ANNUAL SIEGE MEETING OF THE SALVATION ARMY

The captain in charge of the local corps of the Salvation Army announces their annual "Siege Meeting" to begin on next Sunday evening. Special subjects along evangelistic lines will be chosen, and a more determined effort put forth to win souls for Christ than ever.

Captain McMahon reports nine went forward for conversion Sunday evening and a growing increase in the Sabbath school attendance.

FIRST THINGS

The first balloon ascension in America was made by Jean Pierre Blanchard, a pioneer French aeronaut, at Philadelphia 129 years ago today, Jan. 9, 1793. The Quaker City was then the capital of the republic, and Mr. Blanchard by given a reception by President George Washington, who personally issued a permit to ascend in a balloon and to "pass in such direction and to descend in such place as circumstances may render most convenient," and this without "any hindrance or molestation to the said Mr. Blanchard." The starting point was the Prison Court, and when the balloon rose in the air it

JOHN J. CARROLL

Daddy's Bedtime Story

Christmas Coasting And How It Ended

The Sled Went Into the Snowdrift.

JACK and Evelyn had been having a glorious time with their sled. "It's such heaps of fun, daddy. We wish you would come with us the next time," they said.

"Oh, dear, I'm afraid all the little folks would laugh to see me with a sled," said daddy.

"When I was a small boy, though, I was just as fond of it as you two are. I thought I should never be too old to enjoy coasting down hill.

"There was a high hill near our house that all the boys and girls coasted on. It was not very steep, and the only danger was of running into one another. We were careful about that, for we knew if any one got hurt our sleds would put a stop to our sport. One Christmas Santa brought me a sled. I teased to go out with it, and on Christmas afternoon mother tied her hood on my little sister and said:

"Now, son, give your little sister a ride on your new sled."

"So I put Polly on the sled and started out. I took her around the block. She laughed and clapped her hands and kept saying, 'Come up, horseie,' till I was tired of running.

"Then I thought I'd just draw the sled over toward the hill and we would watch the boys for awhile.

"Polly's eyes sparkled. 'We want to ride on hill,' she cried.

"Oh, you're too little," I replied.

"Oh, give her a ride!" the boys cried, and up the hill I went with the sled.

We went down with a flourish, and Polly wanted another ride. So we coasted again. By this time I was excited, and when I tucked Polly on the sled behind me I did not get a good start. There were too many boys on the hill, and, eager to get down first, I steered the sled into the middle of a snowdrift.

"Of course the sled upset, and all I could see of Polly was her new over-shoes sticking straight up in the air.

"We soon fished her out of the drift, and the brave little thing scarcely whimpered while we wiped the snow off her face and shook it out of her clothes. One of the older boys said I'd better take her home.

"Where have you been with Polly?" mother demanded when we reached the house, for the snow still stuck in Polly's wooden hood and rough coat. Only a good brushing would take it off outdoors.

"Riding on a hill," Polly cried, and we spilled into the snow."

"Mother just looked at me. I never will forget the way she said, 'And to think you couldn't be trusted to take good care of Polly, even on Christmas day!'"

Quarter Century Ago

(From Advocate, Jan. 9, 1887.)

A license to wed was issued today to G. L. Wells and Ida Belle Gamble, both of Hartford.

Mr. E. W. Parnell has returned from a business trip to Cincinnati.

The contestants at the gun shoot tomorrow at the Fair Grounds are Messrs. Kibler and Fuller on one side and Thomas and Madden on the other. The referee will be ex-mayor George Webb.

Miss Lillian Brenkle of Cumberland, Md., is visiting Mrs. D. W. Dowden of East Main Street.

Fifty Years Ago Today.

Jan. 9.

Several officers of the Federal army were placed in solitary confinement at Richmond, to be held as hostages for an equal number of Confederates confined in northern prisons. In the United States senate Senator Salsbury of Delaware denounced the emancipation proclamation and suggested an armistice to end the war.

FIRST PRESBYTERIAN CHURCH SUPPER

Will Elect Officers.

Organization of the recently elected directorate of the Newark Board of Trade will be undertaken at a meeting of the directors tonight at 7 o'clock.

"Black Handers" Dismissed.

The six Italians arrested on a charge of carrying concealed weapons and charged by Frank Molasco with forcing him to join an alleged "black hand" society, were dismissed from custody by Mayor Swartz Tuesday. The charge of Molasco was not substantiated by the testimony introduced.

GRAND JURY IN SESSION FOUR DAYS

Reported Thursday Afternoon After Inquiring Into 24 Cases and Returning 18 Indictments

After spending four days in its deliberations the grand jury of the January term of common pleas court finished its work Thursday afternoon at 2:30. The session, which was the first under the direction of Prosecuting Attorney J. Howard Jones, was one of the shortest on record.

In their report to the court the jurors stated that they have examined 24 cases, returning 18 indictments and ignoring six cases of alleged crime.

Prosecutor Jones has made public the following indictments: the defendants already being in custody.

Frank Luffice, two counts, sending a threatening letter and blackmail.

A. R. Brake and Earl House, assault with intent to kill.

Jeff Laird, burglary.

George Bryson, malicious destruction of property.

Ernest Garrison, assault with intent to rape.

Edward Fisher, alias Theodore Hayes, alias Ted Hayes, burglary.

Doe Reynolds, alias Bud Reynolds, robbery.

Charles H. Waltz, pocket-picking.

James Friddle, two counts, tapping a gas main and making an unlawful connection with a gas main.

The jurors reported that they had visited the county jail and had found the conditions there in entire accord with the rules laid down by the court. They recommended the immediate barring of the two unbarred windows on the second and third floors on the south side of the jail.

In behalf of the bar and the citizens of Licking county the court commended the Prosecutor and the jurors for their diligence and efficiency.

Banish Those Ugly Pimples

Skin Cleared in a Short Time by Stuart's Calcium Waters, the Greatest Blood Purifier Known.

Pimples, blotches, skin eruptions of all kinds are simply the impurities of the blood coming to the surface. All the external treatment in the world won't do a particle of good unless you purify the blood. And

Clean Your Back and Face of Pimples.

there's nothing so humiliating as a face that's all "broken out" and spotted.

Stuart's Calcium Waters will clear the most obstinate complexion, because they go right into the blood and remove the cause of the trouble.

The blood is cleansed of all impurities and foreign substances and these are quickly eliminated from the system. You'll notice a wonderful change in a few days—you will hardly know yourself in a week.

And Stuart's Calcium Waters are absolutely harmless to any one. Their ingredients are just what a physician prescribes in most cases of skin eruptions and poor blood. These waters are put up in a concentrated form, which makes them act quickly and thoroughly.

Begin taking Stuart's Calcium Waters today and then look at yourself in the mirror a few days, and find all those awful pimples, blackheads, acne, boils, liver spots, rash, eczema and that muddy complexion rapidly disappearing and your face cleared like the petals of a flower.

You can obtain Stuart's Calcium Waters at any drug store at 50 cents and there is no reason why any one should be disfigured by pimples or any other skin eruption.

JUG RUN

Protracted meeting will begin at Perry Chapel Tuesday night, January 14, conducted by Rev. Mr. Ellis of Dresden.

Mr. and Mrs. Herbert Huffman of Columbus is making an extended visit with their parents, Mr. and Mrs. Jacob Rinehart.

ROBERTS HUNTER, Probate Judge. 1-9 Thurs 21

Do You Mean What You Say?

IT WENT FROM MOUTH TO MOUTH

A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so sure and safe for all throat and lung troubles. Price 50c and \$1. Trial bottle free. Guaranteed by F. D. Hall.

Drink may drive away dull care, but it always comes back a little sharper.

25 CENT "DANDERINE" FOR FALLING HAIR AND DANDRUFF--GROWS HAIR

Don't pay 50 cents for worthless hair tonics—Use old reliable, harmless "Danderine"—Get results.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

OLDEST VOTER IN BOWLING GREEN HAS PASSED AWAY

"SQUIRE JOHN GILLESPIE LIVED FOR SIXTY YEARS IN BROWNSVILLE."

Grange To Have Independent Institute—Funeral of Mrs. Scott's Father—Personals.

John Gillespie, the oldest voter of Bowling Green township, one of the early inhabitants of our town, and a veteran of the Civil War, departed this life on Sunday evening, Jan. 5. John Gillespie, known to his fellow townsman as "Squire Gillespie," as he held that office for many years, had been a resident of our town for three-score years. The older inhabitants of the town can recall the fact of their being awakened at 4 o'clock in the morning by the noise issuing from the "squire's" several cooper shops, in the days of the stage coach on the National Road.

The last years of his life have been in striking contrast to the stirring years of his early manhood, as they have been passed in peace and quietness in the companionship of

SUNDAY TAKES "POKE" AT THE BACKSLIDER

Large Delegations of Working Women in Attendance at Wednesday Night's Meeting.

Mr. and Mrs. Harry Myers are spending a few days with relatives in Nashport.

Mrs. Susan McMaster, probably the oldest citizen of the township, granddaughter of the Revolution and widow and mother of Civil War Veterans, recently passed the 89th year mark of her life, and is seemingly in perfect health.

Mrs. George Rankin recently returned from a visit to her son Chas., and wife of Chicago.

Wm. Rankin is reported on the sick list.

Mrs. Ella Tippet and grandson, Eugene Tippet spent the holidays with friends in Zanesville.

Helen and Arthur McMaster of Columbus spent last week here with their grandparents, Mr. and Mrs. Scott McMaster.

Mr. Robert Morton and Miss Sara Morton have returned to Athens where they have been attending school, after spending two weeks vacation at home.

Mr. George Dumm, who is attending Dental School in Columbus, spent New Year's day with his parents here.

Mr. and Mrs. Fred Peters of Byville, Ohio, have returned home after spending two weeks with Mrs. Peters' parents Mr. and Mrs. Frank Dumm.

Miss Lelia Hurst of Newark, spent the holidays with her mother, Mrs. Sarah Hirst.

Mr. and Mrs. Clark Bowman of Blocton, Iowa, are visiting old friends at this place.

Florence, little daughter of George Morehead, living north of town, who has been suffering with scarlet fever is much improved.

COLLECTIONS YESTERDAY

Afternoon \$ 166.71
Evening 354.81
Total \$ 521.52
Total to date \$6012.29

The executive committee yet needs \$11,000 to cover the incidental expenses of the Billy Sunday campaign. When last night's collection was taken up, Rev. Mr. Sunday said he regretted to shove a collection pan under the noses of the working women. "God knows, they don't get enough as it is," he said.

Columbus, O., Jan. 9.—Honor and truth were placed only second to love and obedience to the trinity by Rev. Billy Sunday, who last night delivered his pithy sermon, "Backsliders," to a congregation which filled the tabernacle. The attendance, estimated at nearly 11,000, included several delegations of working people. Of this number 5,000 were employed women. Thousands were turned away from the tabernacle.

The working women, who occupied the central tiers, marched into the tabernacle from three sides, while the large choir sang "Onward, Christian Soldiers" and "Marching to Zion." The spectacle was the most impressive of the campaign to date and when they sang a hymn the women were applauded loudly.

The total attendance at the tabernacle services for the day was 15,000, and as usual all seemed enthralled under the magnetic influence of Rev. Mr. Sunday. His afternoon sermon was an appeal for church workers to make a personal campaign and appeal for the salvation of souls. Last night he scored the backsliders in the churches and deplored practices of dishonesty and untruthfulness outside the churches.

The sermons were illustrated with finely drawn word pictures and a hoard of snappy "to-the-point" epigrams. "I will not compromise to please, I'll quit first," he shouted

GEORGE SUTTON TO PLAY MORNINGSTAR AT PITTSBURG THIS WEEK.

"Off again, on again," describes the championship career of George Sutton, the Chicago billiard sharp, who will make an attempt to regain the 18.1 balk line championship from Ora Morningstar of Pittsburg in the home city of the latter during the next three days. The winner, it is stated, will receive not only the title and diamond trophy, but also all gate receipts, a purse of \$1000 and a side bet of \$500. In the last three years of the world's 18.1 title has been held by George Slosson, Willie Hoppe, Sutton and Morningstar.

THE GROWTH

Of the Buckeye State Building and Loan Company, Rankin Building, 22 West Gay Street, Columbus, O.

In 1912 was \$1,199,456.52. The assets of the company on January 1, 1913, amounted to \$6,295,542.04, all loaned on first mortgage real estate security. So carefully has this money been loaned that the company owns no real estate whatever. This fact proves the conservatism of the company. Five per cent paid on time deposits. Write or call for booklets showing how money is received and loaned.

ANNIVERSARY OF REGULATED BOXING

The first attempt to regulate boxing and do away with the recognized evils connected with the sport, was made seventy-three years ago today in London, when a number of boxers and wealthy and noble patrons of the game organized the British Pugilistic Association. The project was not a howling success.

POLICE CHIEF HAS FIGHT WITH INSANE NEGRO

Mt. Vernon, Jan. 9.—A mangled finger and an ugly gash in the forehead are the souvenirs borne today by Chief of Police R. C. Clements, following his attempt to take into custody William Rice (colored), believed to be insane. The man became suddenly unbalanced while at his boarding place and the chief was called to take charge of him. In the fight that followed Rice struck the chief over the head with a club and bit the flesh from the first joint of his little finger. Surgeons took ten stitches in the gash in the officer's head and amputated the first joint of the finger. Tetanus was feared and anti-toxin was administered. Rice will be tried on a lunacy charge.

DANCER TO MARRY ENGLISH LORD

The wedding of pretty Olive May, one of the cleverest dancers in London, to Lord Victor William Paget, brother of and heir presumptive to the Marquis of Anglesea, is announced for

NOT FOR "KNOCKING" PURPOSES, HOWEVER

Mansfield, O., Jan. 9. — Judge Shields of Canton, one of the three judges of the circuit court of appeals threatened to bring a hammer and nails from his Canton home on his next visit, that he might provide "pegs" on which the three judges might hang their hats and coats. The Richland county commissioners had failed to make provision for the accommodation of the court, which convened for its first session here Tuesday.

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anæmia, is common in young folks as well as old. Especially is it the case with those who work in dry, heated factories or those who are shut up indoors in winter time with a coal stove burning on the hearth or over the carbonic (cooking) gas. Thin blood, or blood which lacks the red blood corpuscles, is anemic people may have been caused by lack of good fresh air breathed into their lungs, or by poor digestion or dyspepsia. Sometimes people suffer from loss of the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

Is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood, which leads the heart, nerves, brain and organs of the body. The organs work smoothly, like machinery, running in oil. You feel clean, strong and strenuous instead of tired, weak and faint. A few weeks' use can obtain the Golden Medical Discovery Tablets, as well as the liquid form from all medicine dealers, or by mail, prepaid in \$1 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

DR. PIERCE'S GREAT 1088 PAGE ILLUSTRATED COMMON SENSE MEDICAL ADVISER WILL BE SENT FREE, CLOTH BOUND FOR 21 ONE-CENT STAMPS.

A Coffee Cup

Contains Over 2½ Grains of Caffeine.

Physicians recognize this drug to be of poisonous effect upon stomach, heart and nerves. Scientists employed by the U. S. Government found, in the famous Rabbit Case, that an amount of caffeine equivalent to that contained in two average cups of coffee killed a Rabbit.

What wonder then, if you are a coffee-drinker, that you suffer from indigestion, heart disturbance, headache and biliousness, sleeplessness, or nerve irritation?

☞ Multiply 2½ grains of caffeine by the number of cups of coffee you drink each day and you will determine the amount of poison you give yourself daily.

Eminent physicians are protesting against the present use of coffee. (Your family doctor can vouch for this.)

The aches and ills of your own body also protest when the burden becomes too heavy.

Doesn't your own common sense suggest that you quit coffee now?

The New Food-drink.

Instant Postum

offers the easy way

This charming table beverage furnishes a hot drink of remarkable palatability. It has a rich seal brown color which changes to golden brown when cream is added. Tasting much like high-grade Java, it makes the ideal cup for those who want to get away from coffee troubles.

Instant Postum requires no boiling

It is made "quick as a wink" by pouring hot water upon a level teaspoonful of the powder in a cup and stirring until dissolved. Add sugar and cream to taste and you have a very fascinating beverage.

Grocers sell Instant Postum, 90 to 100-cup tins, 50c; 45 to 50-cup tins, 30c.

"There's a Reason"

Made by Postum Cereal Co., Ltd., Pure Food Factories, Battle Creek, Mich.

OUR FAITH IN VINOL

Steadily increases each year, due to the continued excellent reports from those who are using it. It is a simple remedy, containing all the medicinal ingredients that are found in the fresh cods' livers, combined with iron and pure wine. It is very palatable and easy to take. If you are run down and need a tonic, something to build you up, try VINOL on our guarantee, and if it does not help you it will cost you nothing.

YOUTH AS GIRL
FOR 18 YEARS**
**MR. FRANK LINK
TO TAKE CHARGE
MT. VERNON STORE**

Victor, Colo., Jan. 8.—After masquerading as a girl for 18 years, the sex of Irene Mornahan was learned yesterday afternoon. He was arrested in La Junta by the sheriff, who, because of his masculine appearance, decided he was a boy in girls' clothing.

Irene was on his way to visit his father in Bisbee, Ariz. Until the holidays Irene had been a student in the Victor High school and all his life he had passed off as a girl. Mrs. Mornahan, when told that her son had been arrested and that his sex had been discovered, stated that she had always passed him off as a girl because of her disappointment in having two sons. Not even her husband was aware of the boy's sex, she said.

This was borne out by the discovery of a letter in the boy's effects by the sheriff at La Junta. The letter was addressed to his father in Bisbee and declared that the mother was "sending a son to him as a New Year's gift."

a single application of delatone. Make a paste with a little water and leave on face for five minutes. Then remove and wash with cold water. The hair will be soft and smooth. Mothers' Salve is a splendid remedy for chaps, cold sores, rashes, eczema and skin eruptions. It is antiseptic and is an ideal application for any abrasion of the skin. It is healing, cooling and soothing. Mothers' Salve is easily made at home. Dissolve an original package of delatone in a half pint of witch hazel. This should be applied in the morning instead of face powder. It makes the skin soft and smooth and corrects swollen, yellow and muddy looking complexions. (Advertisement)

MRS. SPRINGER IS DEFENDANT IN DAMAGE SUIT

Chicago, Jan. 9.—Mrs. Marguerite Warren Springer was made defendant in a suit for \$10,000 damages in the circuit court yesterday by John P. York, an architect. York, says his attorney, prepared plans for a proposed hospital to be known as the "Marguerite Springer Memory Hospital." Mrs. Springer did not receive enough contributions and the hospital was never built, said the attorney, and York wasn't paid.

Mrs. Springer formerly resided in Newark. It was her intention to try and promote a hospital, the cost of which would have been several hundred thousand dollars, but the plans were never carried out.

Get Rid of Piles at Home

Simple Home Remedy. Easily Applied Gives Quick Relief and Prevents All Danger From Operation Send For Free Trial Package and Prove It in Your Case.

Don't ever think of an operation for piles. Remember what the old family doctor said: "Any part of the body or away is gone forever. PIGEON SHOOTERS WILL CONTEST FOR \$20,000 AT PAU, FRANCE, TODAY
Pigeon shooting, which is called a sport by many of the social elite who consider pugilism revolting and unladylike, will attract devotees from many countries to Pau, France, where the Grand Prix of the Pigeon Slayers begins today. It makes one shudder to think of the terrible risks incurred by the intrepid sportsmen who will shoot the ferocious pigeons at Pau during the next few days. Society people who knock boxing declare that the professional pugilists are animated merely by love of money, and in many cases this is true; but one wonders why the management of the "grand international pigeon shooting competitions" at fashionable Pau consider it necessary to hang up some \$20,000 in prizes. The Grand Prix, to be shot today, Friday and Saturday, alone carries purses of \$5,000. Other events to follow bring the total to \$20,000. The annual pigeon-shooting contests at Pau are great society events and always attract sportsmen from America as well as from Europe.

Was paid at a banquet t Henry Clay in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. Today people everywhere use Dr. King's New Life Pills for these troubles, as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25¢ at F. D. Hall's.

ARTIST KILLS SELF AT BANQUET BEFORE FRIENDS

Paris, Jan. 9.—After threatening suicide so many times that his friends only took his threats as a joke, Marcelin Ader, a young painter of Bordeaux, carried out his threat in a highly spectacular manner. It is learned that when he invited his friends to a banquet he warned them that it would be a "suicidal affair" and that his friends would witness his self-destruction.

Believing this another of his jests, his circle of friends passed a merry evening. They were horrified after dinner when Ader produced a revolver. When he said he had no cartridges, the diners laughed, now, and one of his friends, still thinking that he was joking, furnished the ammunition.

The young artist loaded the revolver, clinked glasses with his guests, and, putting the weapon to his forehead, killed himself.

The annual pigeon-shooting contests at Pau are great society events and always attract sportsmen from America as well as from Europe.

THE BIRTHDAY CALENDAR.

IF THIS IS YOUR BIRTHDAY
You are earned to be careful of fire or accident and to keep a steady watch on your affairs. You are in danger of blaming others for something which is your own fault. Those born today will be prone to give way to temper. This weakness should be wisely corrected when they are very young, lest they grow up irresponsible useless. If their wills

are strengthened to control their tempers they will have power to conquer all difficulties and will attain great heights.

COLLIE SAVES LIVES OF HIS TWO YOUNG MASTERS

Trinidad, Colo., Jan. 9.—A Scotch collie dog saved the lives of his two masters, Louis and Samuel Salvorno, 10 and 12 years of age, respectively, who were attacked by three hungry-crazed coyotes on the snow-clad plains ten miles from here. The boys were badly bitten by the infuriated beasts, and their clothes were torn to ribbons. The dog was badly lacerated. The children had been sent to an uncle's ranch to get provisions. Half way over the trail they were attacked by the coyotes. The collie charged the beasts, killing two of them.

If a woman's gowns were made with pockets perhaps she wouldn't be so apt to carry her heart on her sleeve.
